Methacton School District Topics of Discussion September 24, 2024

Proposed New Money Financing Analysis

- 1) The District Administration has asked PFM to prepare a debt service affordability analysis for up to \$200 million of potential projects.
- 2) The borrowing plan is estimated and currently takes places over multiple years. As we move forward, the District and its Architect will need to provide PFM with a draw schedule so we can finetune timing as well as any potential interest earnings that may be used to downsize the total cost of the project.

Federal Tax Laws

- 3) Federal tax laws permit an Issuer to borrow at a tax-exempt interest rate and invest the proceeds at an unlimited (taxable) yield subject to arbitrage requirements during the period of project construction, but only if the following three tests can be satisfied. The governing board must reasonably expect at the time the borrowing:
 - a. **Expenditure Test** issuer will spend 85% of the proceeds within three years.
 - b. **Time Test** issuer will incur a substantial binding obligation (sign a design contract, award a construction bid) within six months, equal to at least 5% of the borrowing amount.
 - c. **Due Diligence Test** construction of the project will proceed, and the bonds funds will be spent, with due diligence to completion.

Arbitrage Rebate Considerations

- 4) An issue is exempt from arbitrage rebate if they qualify under size-based and time-base exemptions:
 - a. Small Issuer Exception As long as the issuer has governmental taxing base powers and does not expect to or has not issued more than \$15,000,000 in tax-exempt bonds in a calendar year, an exemption would apply.
 - b. Time Based/Spending Exception The issuer must meet the following spending exceptions:

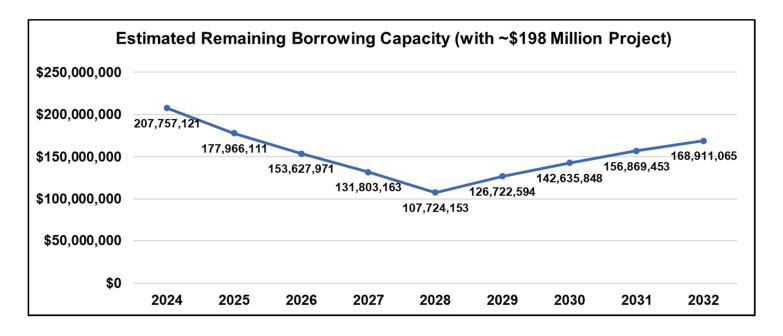

Spending Exception	6 Months	12 Months	18 Months	24 Months
6-Month All Gross Proceeds	100%			
18-Month All New Money	15%	60%	100%	
24-Month Construction Issues	10%	45%	75%	100%

Methacton School District Borrowing Capacity Discussion September 24, 2024

Legal Borrowing Capacity

- 1) Under PA State Law a school district can borrow up to its legal borrowing capacity a formula which considers 225% of the average of the last three years of revenue less any existing debt. Any borrowing outside of this amount would require voter approval.
- 2) The remaining borrowing capacity for the School District shown below assumes the ~\$200 million project as detailed in the remaining pages of this handout:

	2024	2025	2026	2027	2028	2029	2030	2031	2032
Est. Non-Electoral Debt Limit	284,937,121	290,186,111	301,187,971	314,658,163	327,669,153	342,057,594	354,585,848	365,309,453	373,711,065
Est. Net G.O. Debt Outstanding	77,180,000	112,220,000	147,560,000	182,855,000	219,945,000	215,335,000	211,950,000	208,440,000	204,800,000
Est. Remaining Borrowing Capacity	207,757,121	177,966,111	153,627,971	131,803,163	107,724,153	126,722,594	142,635,848	156,869,453	168,911,065

Note - Borrowing base projections are based on future revenues which were provided by District administration.

Notes

- [1] District provided an estimated draw schedule. Estimated interest earnings are being used to downsize total amount borrowed. 3.25% investment rate assumed.
- [2] Estimated based on current market rates. Actual rates to be determined at time of pricing.
- [3] Assumes no state reimbursement
- [4] The timing and size of the borrowing plan may vary.

Act 1

Millage Strategies September 24, 2024

1. Fit millage impact under Act 1 Allowable Index Increase (the "Index")

- a. Increase up to the Index every year starting in 2024-25 to phase in ungrandfathered millage gradually
- b. The District's 2024-25 Allowable Index Increase = 5.30% (1.8126 mills)
- c. Seek exceptions and increase beyond the Index if possible

2. Use estimated interest earnings from construction fund toward project

- a. Input needed from architect to determine approximate interest earnings which would then be used to downsize the bond issue
- b. Small issuer exemption (\$15 million or less)

3. Contribute cash or refunding savings towards project

a. Either temporarily borrow or permanently contribute a portion of existing reserves to help phase in borrowing capacity and millage impact

4. Break borrowing into smaller portions

- b. By prefunding \$15 million for the project in 2024, the district can secure sufficient resources to cover the initial expenses effectively.
- 5. Consider wrap around payment structure for borrowing(s)

6. Capitalize Interest

- a. The use of bond proceeds or district reserves to phase the millage impact into the budget gradually
- b. May increase the size of the bond issue (not if using district reserves)

Not Planned to Be Used by Methacton SD.

7. Indirect Cost Savings

a. Utilize potential operational or capital expenditure savings to reduce millage impact

8. Debt Restructuring

a. Restructure a portion of outstanding debt to create capacity for new ungrandfathered debt

9. Consider using Capital Appreciation Bonds to reduce millage impact

a. Tends to increase interest expense

10. Debt Act Referendum (Electoral Debt)

a. Voters vote on debt service millage for specific project

11. Act 1 Referendum

a. Voters vote on property tax increase beyond the Index – not specific project

- · Methacton School District is currently rated Aa2 by Moody's.
 - The District is one of 27 PA school districts rated Aa2 by Moody's and one of 72 Districts rated in the Aa category by Moody's in PA.
- In the District's credit opinion provided by Moody's in October of 2021 (rating last affirmed in May of 2024) they cite the following:

•Credit Strengths:

- Above average resident wealth and incomes
- o consistent, strong operating surpluses

• Credit Challenges:

o Comprehensive capital plan requiring substantial borrowing

• Factors that Could Lead to an Upgrade:

- o Significant, sustained, fund balance growth
- o Materially reduced debt burden

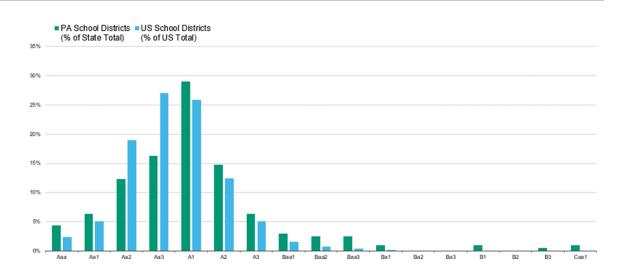

Factors that Could Lead to a Downgrade:

- Structural imbalance that leads to material draws on the general fund reserve
- o Significant declines in tax base or wealth levels
- OMaterial increase to leverage beyond current expectations

Note: Pro-Forma calculated based on estimates calculated by Raymond James based on plan of finance provided by PFM, all assumptions and calculations subject to review and adjustment by Moody's Investor Service.

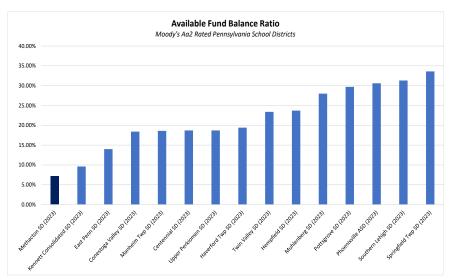

Rating Considerations and Takeaways:

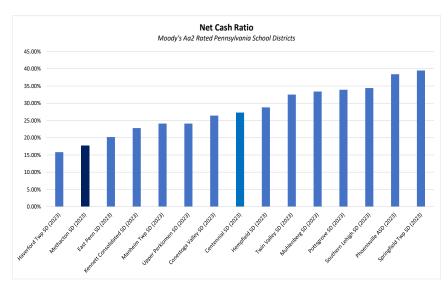

- When adding significant leverage that will pressure the rating keeping fund balances and cash reserves strong until the end of the financing plan will be key to trying to maintain a higher-grade rating.
- Long-term capital and financial planning for required millage increases will help to position the District more favorably.

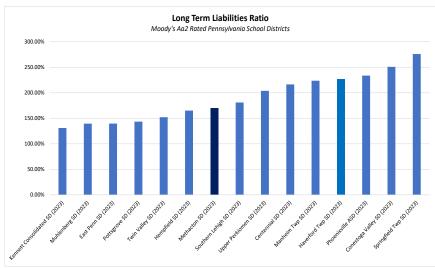

Moody's Site Visit:

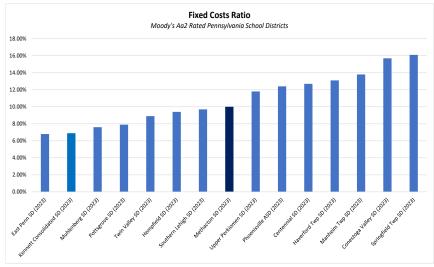

- Hosting Moody's for a site visit and tour of the District helps the assigned rating analysts to:
 - Visualize the need for the proposed project.
 - Cultivate a stronger sense of the geographic area and associated demographics.
 - Provide an opportunity for the District to demonstrate the strength of its management team.

The information contained herein is solely intended to facilitate discussion of potentially applicable financing applications and is not intended to be a specific buy/sell recommendation, nor is it an official confirmation of terms. Any terms discussed herein are preliminary until confirmed in a definitive written agreement. While we believe that the outlined financial structure or marketing strategy is the best approach under the current market conditions, the market conditions at the time any proposed transaction is structured or sold may be different, which may require a different approach.

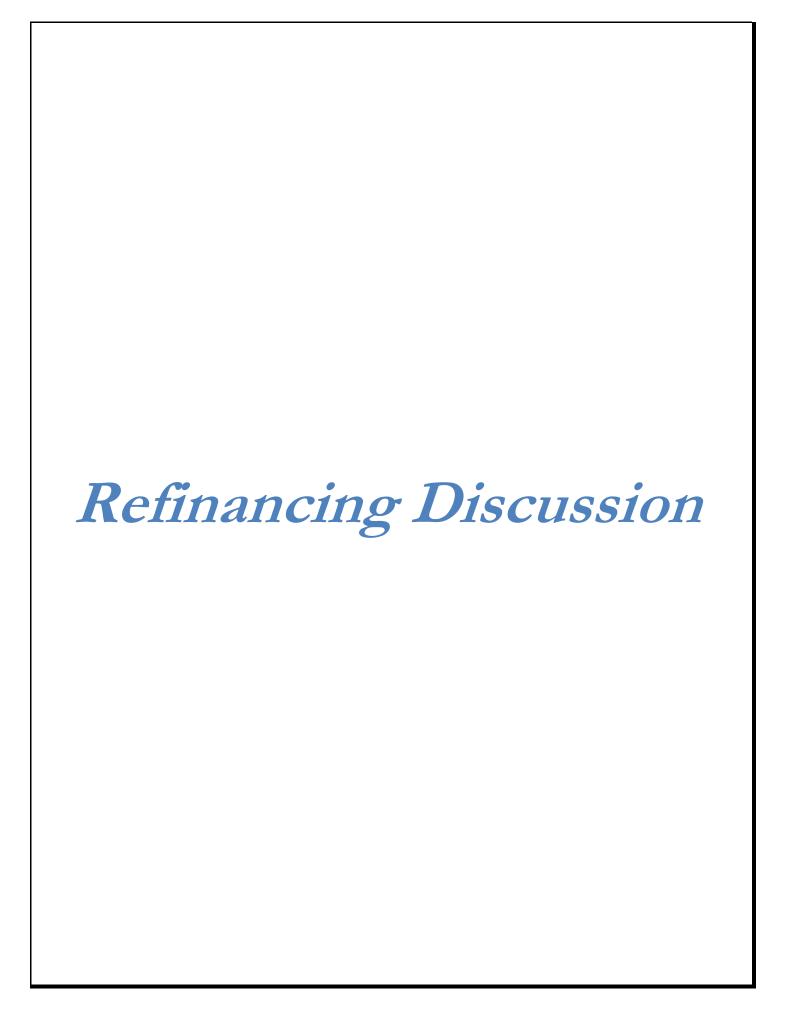

The analysis or information presented herein is based upon hypothetical projections and/or past performance that have certain limitations. No representation is made that it is accurate or complete or that any results indicated will be achieved. In no way is past performance indicative of future results. Changes to any prices, levels, or assumptions contained herein may have a material impact on results. Any estimates or assumptions contained herein represent our best judgment as of the date indicated and are subject to change without notice. Examples are merely representative and are not meant to be all-inclusive.

Raymond James shall have no liability, contingent or otherwise, to the recipient hereof or to any third party, or any responsibility whatsoever, for the accuracy, correctness, timeliness, reliability or completeness of the data or formulae provided herein or for the performance of or any other aspect of the materials, structures and strategies presented herein. This Presentation is provided to you for the purpose of your consideration of the engagement of Raymond James as an underwriter and not as your financial advisor or Municipal Advisor (as defined in Section 15B of the Exchange Act of 1934, as amended), and we expressly disclaim any intention to act as your fiduciary in connection with the subject matter of this Presentation. The information provided is not intended to be and should not be construed as a recommendation or "advice" within the meaning of Section 15B of the above-referenced Act. Any portion of this Presentation which provides information on municipal financial products or the issuance of municipal securities is only given to provide you with factual information or to demonstrate our experience with respect to municipal markets and products. Municipal Securities Rulemaking Board ("MSRB") Rule G-17 requires that we make the following disclosure to you at the earliest stages of our relationship, as underwriter, with respect to an issue of municipal securities: the underwriter's primary role is to purchase securities with a view to distribution in an arm's-length commercial transaction with the issuer and it has financial and other interests that differ from those of the issuer.

Raymond James does not provide accounting, tax or legal advice; however, you should be aware that any proposed transaction could have accounting, tax, legal or other implications that should be discussed with your advisors and/or legal counsel.

Raymond James and affiliates, and officers, directors and employees thereof, including individuals who may be involved in the preparation or presentation of this material, may from time to time have positions in, and buy or sell, the securities, derivatives (including options) or other financial products of entities mentioned herein. In addition, Raymond James or affiliates thereof may have served as an underwriter or placement agent with respect to a public or private offering of securities by one or more of the entities referenced herein.

This Presentation is not a binding commitment, obligation, or undertaking of Raymond James. No obligation or liability with respect to any issuance or purchase of any Bonds or other securities described herein shall exist, nor shall any representations be deemed made, nor any reliance on any communications regarding the subject matter hereof be reasonable or justified unless and until (1) all necessary Raymond James, rating agency or other third party approvals, as applicable, shall have been obtained, including, without limitation, any required Raymond James senior management and credit committee approvals, (2) all of the terms and conditions of the documents pertaining to the subject transaction are agreed to by the parties thereto as evidenced by the execution and delivery of all such documents by all such parties, and (3) all conditions hereafter established by Raymond James for closing of the transaction have been satisfied in our sole discretion. Until execution and delivery of all such definitive agreements, all parties shall have the absolute right to amend this Presentation and/or terminate all negotiations for any reason without liability therefor. Thomson Reuters Municipal Market Data ("MMD") is a proprietary yield curve which provides the offer-side of AAA rated state general obligation bonds as determined by the MMD analyst team.
